Re: Grafton Technology's Illinois Gigabit Communities Challenge Project

To Whom it May Concern:

I am writing this letter in support of Grafton Technologies, Inc.'s Illinois Gigabit Communities Challenge Grant Application. I certainly recognize the need to bring ultra high speed broadband service to the more remote areas of Illinois.

Ultra high speed bandwidth has been one of Jersey County's largest obstacles in attracting new business investments and is a key component in improving local economy. The expansion of ultra high speed bandwidth would help secure new employment opportunities.

Thank you for your consideration of this important project for Grafton Technologies, Inc. and the future of Jersey County.

Sincerely,
